- This program will allow the landowner to farm a portion of the road right-of-way up to the edge of the roadway.
- All brush, rocks and debris from the fenceline clearing operation must be disposed of by burning or burying on the applicants's land.
- The cleaned area is to be kept free of weeds, brush and rocks after the area has been cleared.
- The applicant agrees to allow the M.D. of Bonnyville to control weeds and brush on the road right-of-way portion of the cleaned area by spraying with herbicide.
- All earthwork done within the right-of-way will be done in a manner that does not alter or hinder the drainage of water along or across the right-of-way.
- The applicant will supply grass seed and seed the cleaned area as required to prevent soil erosion, if the area is not going to be farmed.
- The amount paid to the applicant will range from \$500 to \$2,500 per one half mile based on the amount of brush, rocks or other debris that has to be removed to complete the project.
- If a fence is to be constructed, the fence will be located a minimum of 33 feet (10 metres) from the centerline of the roadway; if the M.D. currently owns the land to 50 feet from centerline, then the fence will be located a minimum of 50 feet from centerline.
- An inspection team comprised of the Director of Agricultural Services and/or the Transportation and Utilities Superintendent will determine what payment amount will be paid to the applicant.
- The site will be inspected before commencement of the project and again after completion to verify that all required work has been satisfactorily completed.

NOTE: No funds will be paid unless the project has been inspected and approved by the inspection team prior to the commencement of any work.

I/We, the undersigned have read this application and agree to the terms and conditions as outlined above.
