WORKING WELL WORKSHOP

Did you know that a poorly maintained water well can put your water supply at risk of contamination and reduce your well yield? If you are one of 450,000 Albertans who use their water well for household purposes, the key to ensuring your water supply is safe and secure is knowing how groundwater works, learning about your well, and understanding how to properly maintain it.

If you'd like to find out if your groundwater is at risk, and learn what you can do to protect your well, please attend a free water well management workshop being hosted by the Lakeland Agricultural Research Association, and presented by the Working Well Program, with technical expertise from Alberta Agriculture and Rural Development and Alberta Environment and Sustainable Resource Development.

November 28
Mallaig Unity Hall
6:00 p.m.

To attend the workshop please pre-register by calling Kellie at the LARA Office at 780-826-7260.

DON'T CROWD THE PLOW

The M.D. of Bonnyville would like to remind its residents to slow down and be patient now that winter driving conditions are upon us. Please drive according to the road conditions and be aware of snow plows out on our highways. Please give the snow plows room.

CHECK OUT OUR NEW WEBSITES

The Municipal District of Bonnyville and Kinosoo Ridge websites have a new look. We have launched our new websites designed by CivicPlus. Please head on over to our websites at www.md.bonnyville.ab.ca and www.kinosoo.ca to take a look around, and let us know what you think.
