RULES FOR RURAL GARBAGE DUMPSTERS

Garbage dumpsters placed at various locations throughout the M.D. of Bonnyville are intended for **bagged household garbage and flattened cardboard only**. Recently there has been a large quantity of illegal waste deposited in these dumpsters. Fines for placing prohibited waste in dumpsters are \$100 for the first offence and \$200 for the second offence. Prohibited waste should be hauled to the nearest landfill.

Some of the items (such as old propane tanks) being deposited in the dumpsters are creating a potentially explosive situation in the truck that empties these dumpster and hauls waste to a landfill. Prohibited waste includes: tree branches and leaves; hay, straw, grain and baler twine; garden waste that can be composted; furniture and household appliances; large boxes; carpet; construction material; hazardous goods or wastes of any kind; automobile parts of any kind; tires or wheel rims; oil, antifreeze or batteries; ashes from wood stoves or fireplaces; dead animals or animal parts.

Members of the public that witness the unlawful depositing of materials, such as propane tanks, are asked to report such activity to the M.D.'s Public Safety Officers at 812-3332 by providing the license plate number of the vehicle used in such activity. Callers may remain anonymous. By reporting the activity you may assist in ensuring that the use of the dumpsters remain an option for your residential area.

Remember, dumpsters are placed in the rural areas for the collection of bagged household garbage and continued abuse of that privilege by a few individuals may result in the removal of the bins, forcing everyone to haul their garbage to a landfill.

DON'T CROWD THE PLOW

The M.D. of Bonnyville would like to remind its residents to slow down and be patient now that winter driving conditions are upon us. Please drive according to the road conditions and be aware of snow plows out on our highways. Please give the snow plows room.
