Waterfowl Crop Damage Prevention Program

The M.D. of Bonnyville assists area farmers in the prevention of damage to crops done by waterfowl such as geese and ducks by providing scare cannons to deter waterfowl from feeding on seed crops. Scare cannons make a noise louder than a shotgun blast, one scare cannon per 40 acres provides optimum protection, especially when used with flags or scarecrows. Scare cannons detonate every 10 to 20 minutes using propane. The M.D. has six available for farmer use. The scare cannons are rented free-of-charge with a damage deposit. Please call 780-826-3951 for more information.
