

Municipal District of Bonnyville Media Release All M.D. playgrounds temporarily closed to the public

April 3, 2020 – In response to the ongoing COVID-19 pandemic, the Municipal District of Bonnyville has temporarily closed all M.D. playgrounds.

The decision comes as the M.D. continues to follow the advice of Alberta’s Chief Medical Officer of Health and Public Health Orders, which includes social distancing and restricting gatherings to less than 15 people.

This closure includes playgrounds found in the M.D.’s 11 campgrounds, and those located in subdivisions throughout the municipality.

As always, the M.D. encourages residents to keep up to date with the rapidly changing situation through the alberta.ca/COVID19 website.

When the playgrounds reopen, it will be announced on the M.D.’s website (md.bonnyville.ab.ca) and Facebook page (facebook.com/MDBonnyville).
