BUILDING PERMIT CONDITIONS**

1. Issuance of a permit and the examination of plans and specifications shall not be construed to be authority to violate any of the provisions of the Safety Code Act or pursuant regulations.
2. The Director of Planning and Development or an inspector is prohibited from issuing a permit to an applicant if the appropriate architect's and/or professional engineer's seal or stamps are not on the plans and specifications.
3. The owner of the building is fully responsible for carrying out the work or having the work carried out in accordance with the requirements of the Safety Code Act and pursuant regulations.
4. This permit is not a permit for ZONING, DEVELOPMENT, GAS, PLUMBING, SEWER OR ELECTRICAL WORK. Permits for such work must be obtained from the appropriate authority.
5. Before any excavation or construction is started the following should be checked:
 - a. Utilities – Location, height or depth and protection of all utilities (water, sewer, power, gas, telephone, etc.) Alberta One Call - www.albertaonecall.com or 1-800-242-3447
 - b. Levels – Respecting proposed elevations of finished lanes, streets or avenues, sanitary or storm sewer connections.
6. Reviewed drawings and specifications shall be kept on the building site at all times during which the work authorized by this permit is in progress, and shall be available for inspection by the Director or an inspector.
7. The Director or an inspector may suspend or revoke a permit issued in error or issued on the basis of incorrect information or there is a contravention of any conditions under which the permit was issued or the permit fees have not been paid.
8. Issuance of a permit based upon plans and specifications shall not prevent the Director or an inspector from issuing orders under the Safety Codes Act.
9. Issuance of a permit shall not prevent an inspector from stopping construction operations which are in violation of the Safety Codes Act or pursuant regulations.
10. Every permit may automatically expire by limitation and become null and void if the work authorized by the permit is not commenced within 90 days from the date of issued, or if the building authorized by the permit is suspended or abandoned for a period of 120 days at any time after the work is commenced. Before work can be started again, a new permit must be obtained. Exceptions may be made, at the discretion of the Director or an inspector, in cases of summer or recreational home or under unavoidable circumstances.
